Natural Grass Collection

Collection of Natural Grass

Sabai Grass

Sabai Grass, with its raw beauty and resilience, brings a rustic charm to every product it touches. Woven by hand, this eco-friendly fiber transforms into timeless pieces that connect your space with the essence of nature.

Water Hyacinth

Water Hyacinth, an invasive aquatic plant, is now repurposed into exquisite, sustainable accessories that celebrate nature's potential. Its smooth, textured weave adds warmth and sophistication to any space, blending elegance with environmental responsibility.

Cane

Cane, a symbol of strength and flexibility, is moulded into beautifully structured designs that breathe life into your décor. Its natural grain and lightweight quality lend an effortless yet durable aesthetic to both kitchen and bathroom essentials.

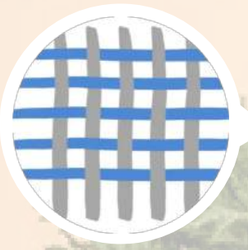
Jute

Jute, known as the "Golden Fibre", offers a rich, earthy texture that adds a rustic yet refined touch to your interiors. This biodegradable fibre is both sturdy and sustainable, embodying a commitment to eco-conscious living without compromising on style.

Cotton

Cotton, the epitope of comfort and purity, is woven into soft yet durable accessories that elevate your daily routines. Its breathable, organic texture ensures a touch of luxury while embracing sustainability at its core.

Weaving Patterns



Plane Weave (Tabby Weave)

The simplest weaving technique where fibre cross over and and under each other in a regular pattern. Ideal for creating durable items like placemats, baskets, trays with a clean minimalistic look.

Coiled Weave

Coiled and stitched together in a circular or spiral pattern. Frequently used for storage baskets, and bowls, offering a sturdy structure with an artistic twist.

Braided Weave

Multiple strands of fibre are breaded together before being stitched or woven into a final product. Ideal for making circular items like coasters, trivets, or rugs, giving a rustic yet refined texture.

Wicker Weave

A tighter, more intricate weave where fibres are woven in and out with a crisscross pattern. Common for storage baskets, fruits bowls, and decorative trays, providing a firm structure with an airy, open appearance.

Lattice weave

Wider strips of fibre are woven loosely in an open pattern, creating a grid like structure. Perfect for light, decorative items like bread baskets, trays, and hanging décor, providing a spacious, airy feel.

Chevron Weave

Woven in a zigzag pattern, creating a bold striking visual. Ideal for statement pieces like table runner, placemats, or decorative wall hangings, adding modern style with natural touch.
